WORK HISTORY

2007 TO PRESENT

EMPLOYER [Telekom Deutschland GmbH](#)
COMPANY PROFILE a subsidiary of Deutsche Telekom AG, to date has 79 000 employees and over 37 million customers in the T-Mobile Germany mobile network.
ADDRESS Landgrabenweg 151, 53227 Bonn Germany
TITLE OF POST Senior Solution Test Analyst (Consultant)
DUTIES AND RESPONSIBILITIES Analysis, Verification and Testing of solutions implemented into the mobile network.
Tasks include specification review, test-case development and product integration support concentrating in the area of Rating and Billing. CrossUseCase creation, test execution, defect analysis and risk assertion.
My recent mobile data projects include integration test-support for NSN MSC R4, Alcatel-Lucent Rating-Enabler, Huawei GGSN,NSN PCRF, EU-Regulation and Huawei LTE integration

2006-2007

EMPLOYER [T-Mobile GmbH](#)
ADDRESS Landgrabenweg 151, 53227 Bonn Germany
TITLE OF POST Quality management (Consultant)
DUTIES AND RESPONSIBILITIES Mercury Test Director / HP Quality Center Project.
Tasks included Training, support and tool administration.
Training sessions with groups of up to 25 persons on site were performed before software roll-out .One to one coaching and support was performed regularly throughout this period.
As part of a two man support team the client now has all test and development users trained for this product. Frequent travel to UK, Czech Republic and within Germany was also necessary for this task.

CURRICULUM VITAE - TIMOTHY CROZIER
